THE BOSTON FIRE did not kill **PRESIDENT GRANT,** Neither did it destroy the most appropriate SEWING MACHINE ATTACHMENT ever invented. This simple little machine, which is no less than **Wilder's New Bobbin Winder,** winds the thread on a bobbin without the use of a person's hands, as even as thread is wound on a spool by the manufacturers. This, as every lady knows, is a very important thing in order to get an even tension, and it is very hard to do without these machines, which not only save an abundance of time, but wind one-third more thread on a bobbin. The Attachment is confined to the machine in the same place as the old one, and the price is within the reach of all. Can be seen in operation at *NO. 28 MAIN STREET.* Agents wanted to sell this attachment for the Howe, Singer and Weed Sewing Machines. All orders addressed to **B. F. S. Patten,** BANGOR, ME. aug27

The attendance was large at the campmeeting in Nobleboro, of the Rockland District Campmeeting Association. The place where it was held was pronounced by the thousands present one of the most beautiful groves they had ever seen.

J. Harris, son of Rev. A. Barrows, who supplied the pulpit of the Baptist church at Sumner during his vacation, has returned to Newton, to pursue his theological course—Mr. Barrows is a fine speaker, and promises to become an efficient and popular minister of the Gospel.

The Anson Quarterly Meeting of Free Baptists held their September session, the 13th and 14th inst., at Lower Madison bridge.—There was a good attendance, considering the weather, which was somewhat cloudy and wet. Sunday forenoon was devoted to Sabbath school instruction, in which Rev. H. F. Wood of West Waterville took an active part.

At the Baptist Association, held at Houlton last week, sermons were preached by Revs. Mr. Dore, Mr. Hazlewood of Bangor, and Mr. McKenzie of Boston. A contribution of $157 was taken up in fifteen minutes, in aid of the young men fitting for the Christian ministry. Contributions were taken for other objects, amounting in all to $300.

There are three Sabbath schools in Pittsfield, whose aggregate number of scholars is three hundred and ten. Two of these are Universalist and one Baptist. The first Universalist numbers 101; of this Mr. S. S. Pike is superintendent. The second 59, and the superintendent is Mr. H. P. Johnson. The third school numbers 150, and is held in the Baptist church, under the pastoral charge of Rev. A. L. Gerrish.

Rev. William B. Hayden, pastor of the New Jerusalem society of Portland, has received a call to the pastorate of the First New Jerusalem society of San Francisco, with the offer of a liberal salary, and expenses to that city, but he has promptly declined the invitation, preferring to remain in Portland. Mr. Hayden was settled over the society in that city, in September, 1850, and, with the exception of Rev. Dr. Carruthers, has held his pastorate longer than any other minister in Portland.

Zion's Advocate says that very interesting services were held with the East Lamington Baptist church, on the 27th of August. A council was called to consider the recognition of the church. By the records it appeared that fifteen members received letters from the Lamington church, Sept. 21st, 1872, and others had subsequently joined them by letter or baptism, making the present number thirty-seven. It was unanimously voted to recognize these members as a Baptist church. The dedication of their new house of worship immediately followed.

Waldo Baptist Association met with the church in Winslow last week. Dr. Robins, President of Colby University, made a very able address. The reports from the churches were cheering. For a reported membership of 550 there have been 34 baptisms during the year, or an increase of a little over 6 per cent. Rev. Mr. Burrage of Waterville, urged the claims of the Education Society in aid of students in the ministry, and was succeeded by a good collection. Prof. Lyford, of Colby University, presented the recent action of the Board of Trustees, which commends to the denomination, throughout the State, the speedy endowment of three Preparatory Institutions. The Association is appointed to meet next year with the church in Knox, where there have been several recent conversions.

WAGNER SENTENCED.

The sentence of Louis H. F. Wagner, the Isle of Shoals murderer, was pronounced by Judge Peters, in the Supreme Court at Alfred, on Wednesday. On being asked if he had any reasons to offer why sentence of death should not be passed upon him, Wagner said:—

I came here to this country seven years ago; known by a great many people as a true and innocent creature; I have not harmed a child in this country, here or any other place. I have lived with Mr. Hontvent two years. I have not done him any harm. I have been known in Portsmouth, and nobody can prove that I did any harm. I have been charged now with the crime of murder and have sworn before God Almighty that I am innocent, and I say here this minute that God Almighty is my witness that I am innocent. Still I will not mourn against the sentence that will be put upon me, but a great many will feel after awhile that this poor man who stands here at this bar to-day is an innocent soul, and that is true Mr. County Attorney Yeaton. My liberty and my life hang on his right hand. It has been proved at South Berwick that Louis H. F. Wagner was no murderer; that these two women were not killed on the night; that these two women were not dead in the morning between 8 and 9 o'clock when Hontvent arrived there; that these two women were not killed with an axe, but were choked to death with a handkerchief. It is charged that this was my handkerchief but it is not mine; it is the same as the shirt which they swore was mine, when it did not fit me. If that shirt should be fitted on to Mr. Hontvent it would fit him, and it is Mr. Hontvent's shirt. I can swear before the living God that it is his shirt. I know it. I have seen it. I have seen it on his wrists before. I did not intend to harm any soul if I could help it. I did not believe that people would take a poor innocent soul, who has never harmed a child, and condemn him; still I will not mourn. The Lord Jesus did not mourn against those who crucified him. He looked up to heaven and asked his Father to forgive them, for they did not know what they were doing, and I will do the same.—But the time will come when they will come to die, and they will feel for the wrong they have done to the poor innocent Prussian, Louis Wagner, who now stands here at this bar. That is all I have got to say.

The court—Have you anything further to say?

The prisoner—No, sir.

Judge Peters then arose, and in a clear and impressive manner addressed the prisoner at the bar as follows:

"Louis H. F. Wagner; The full court having considered the legal questions raised in your case, and overruled all the exceptions taken in your behalf, it becomes my duty at this time to perform an act which will terminate your career so far as judicial tribunals is concerned. You have had a fair and impartial trial. You have been defended at all stages by able and faithful counsel. You have had the fullest use of the processes of the State [illegible] witnesses desired in your behalf. [illegible]

[illegible] the coveted treasure. The swift and inevitable retribution which follows your awful offence will be a warning, resulting in some degree to the protection of society against the commission of crime. The penalty of your offence is the extremest known to the law. It cannot, however, be executed upon you till after confinement at least a year—You should prepare yourself for that awful event whenever it may come. No chance for liberation from punishment through the law is now possible to you. It remains for the court only to pronounce against you the sentence of the law. The court having considered the offence of which you stand convicted, it is ordered by the court as punishment thereof that you be hanged by the neck until you are dead, and in this behalf you are further sentenced to confinement in the State Prison, situate in Thomaston, in the county of Knox, until the punishment just ordered be inflicted upon you, and that you stand committed until removed to said State Prison in execution of this sentence."

1st premium to Gen Wm S Tilton, Togus, Stallion, [illegible] $12
2d premium to Wright & Norcross, Manchester, [illegible]
Judges—Hiram Dow, W F Richards, Geo H Bailey, Woodlands.

ENTRY BOOK NO. 19—STALLIONS FOR GENERAL USE.

The Committee appointed to examine and pass upon the large number of fine Stallions offered for their examination, report that after giving the subject their careful consideration, they have awarded first premium for Stallions 8 years old and over, to Arnold Palmer of Palmyra, for the horse General Lyon. Second Premium to Gilbert Fowler of Portland, Tom M Patchen.

There was a fine display of horses in this class, among which was Winthrop, owned by Foster S Palmer of Bangor, to which we award a Diploma. To 5 years olds and under 8 we award first premium to Jas C Sturgis of Augusta for the Knox Stallion, Crown Prince. Second premium to John W McDuffee of Lewiston, for the 6 year old Stallion, King William.

It was a very difficult task to make the first selection, in this class and much more so for second, owing to the large number of horses exhibited, (some twenty in number). Several were deemed especially worthy of recognition; among them Bucksman, Emperor William and Whalebone Knox, together with the Stallion Tom Lang, to each of which we award a Diploma.

For 4 years old and under 5, we give first premium to Cavanaugh, entered by Wright & Norcross of Manchester, a very noticeable specimen of the famous Fearnaught family. Second premium to Bonnie Doon, a colt of the Knox Stallion, Black Sultan of Plymouth, Me.

We also award a Diploma to [illegible] by Gideon, entered by Waldo P Peirce of Bangor.

JOHN H. LYNDE, - - PROPRIETOR.

SATURDAY, SEPT. 27, 1873.

THE DUTY OF THE GOVERNMENT.

While the bankers, the press and the produce merchants of New York are loudly calling for further intervention by the U. S. Treasury to relieve the financial stringency which is threatening to block the channels of trade, there are many who quite as earnestly demand that the Government shall simply "mind its own business," and leave the present financial disorders to work their own cure. The conflicting advice and appeals to the administration during this crisis, proceeding from influential quarters on either side, have been sufficient to confuse a mind less clear and self-poised than that of President Grant; and the steadiness with which he has borne himself throughout the tumult is amply deserving the commendation which he has received from persons of all shades of politics.

It is much easier to criticise than to act, and some of the more dogmatic of the President's advisers have found it easier to complain of his action than to preserve their own consistency. For instance, the Boston *Advertiser* a few days ago was vehemently declaring that the Treasury must pay no attention to the Wall street panics; that even the increased purchase of bonds was outside of its legitimate sphere; and now the same paper recommends that Secretary Richardson should regulate the export business by large purchases of bills of exchange with Government money. Its first strictures probably emanated from a belief that the panic would not prove "much of a shower," and that it afforded a good opportunity for delivering grave lectures on the "proper functions of government," while it is evident that its later suggestion, to make the Secretary an exchange broker, proceeds from an awakening apprehension that would doubtless have reached the panic stage if it had been subjected to the intense pressure brought to bear on the President in New York.

In avoiding the vagaries of a multitude of counsellors and adhering to the dictates of law and common sense the President has taken the safe and judicious course. It is true theoretically that the Government ought not to dabble in the stock market or interfere in the business affairs of the country. But it is a fact that the Government is compelled to have financial dealings which exert more or less effect upon the money markets; and this being the case, it seems proper that in a time of panic like the present those dealings should be governed by some regard for the welfare of interests threatened with disaster. As an instance we may cite that the Government finds it necessary to make periodical sales of the gold accumulating from revenues, and to employ a portion of its surplus in the reduction of the national debt by the purchasing and cancellation of bonds. The frequency and extent of these purchases and sales are necessarily matters which must be governed largely by the discretion of the Executive and Secretary of the Treasury. The Secretary had the legal right to offer a large amount of gold for sale in New York last week and to have omitted any purchase of bonds; but we think no one would have regarded such a course as a wise exercise of discretion. The great trouble in New York was the scarcity of currency; a sale of gold would have withdrawn so much from the circulation; while, on the other hand, the purchase of bonds afforded a supply of currency from the national vaults.

In making unusually large purchases the Treasury Department has only exercised its lawful discretion; with the effect of affording a great relief to a situation fraught with serious danger, while funding the national bonds at a very favorable rate. So long as the Government goes into the market to sell its specie or to purchase bonds, there is no reason why it should not govern its transactions with a reasonable regard to their effect upon private business; and in the present case, while it could not well have done more, it certainly could not in justice have done less, than it has for the relief of the business interests of the country.

BRADLAUGH.

The name of Charles Bradlaugh, the religious and political agitator, whose arrival from Europe was announced the other day in the papers, is perhaps more widely known here than that of any other English Republican, Sir Charles Dilke alone excepted. He is forty years old; born of poor parents in London, his bent of mind was early seen to be toward investigation; and when but a lad of twelve years he found his greatest pleasure in attending the secularist halls and listening to the lectures and discussions there going on. In his sixteenth year, on account of his heterodox views as well in religion as in politics he was turned out of his father's house or left it voluntarily, and enlisted as a soldier in the British army. Buying his discharge he proceeded to London and became an errand boy, and then a clerk, always lecturing when an opportunity presented itself. He finally became the editor of a paper called the *National Reformer*, and after that devoted his time exclusively to the promulgation of his peculiar views, which embraced the extreme tenets of atheism and democracy. He is a supporter of the co-operative principle among the working classes, but an opponent of strikes. He has been the friend of Garibaldi, Mazzini, Crispi, and de Boni in Italy, with whose extreme radicalism he warmly sympathises. His life has been one unceasing round of activity and agitation, but, without any direct aim. Being the type of a class of English rarely seen in this country, even those who detest his religious views will feel some interest in the man and his antecedents.

A delegation of the International Workingmen's Society, who visited Mr. Bradlaugh in New York on Monday evening, did not receive much encouragement for their agrarian doctrines. He told them that he was decidedly opposed to all revolutions by violence; that he opposed Communism and rapine, or the dispossessing of any class of property which they had lawfully accumulated, and that he was not opposed in any sense to accumulations of value; that he did not wish to see the people of England emigrate while there was land of their own lying fallow; that no revolution caused by violence in England had ever brought any satisfactory reforms, and that the removal of abuses in any country must come gradually and peacefully. He said he was opposed to taking the initiative in any conflict where violence might ensue, but that he did not permit his property to be taken from him by legalized violence.

The Portland *Advertiser* of Thursday stated that a bank in that city certified but refused to pay currency on a large check presented. The *Press* says this may have been true in a single case but "no bank, so far as we can learn, has hesitated to pay bills on any check when sufficient funds of the drawer were on deposit. Our banks are all going on in the ordinary course of business, and are not materially affected by the situation in New York.

A RETRACTION. When the Houlton *Pioneer* a few weeks ago broadly charged that Mr. Stickney, of the Presque Isle *Sunrise*, had robbed his own Post Office, we regarded the accusation as so scandalous and so evidently an emanation of personal enmity that we made no notice of it in our columns. In this week's issue the *Pioneer* frankly apologizes to Mr. Stickney, being satisfied that the "information upon which the charge was based, was the opening of mailes." We would suggest a little more caution in basing charges of robbery against respectable citizens, upon the statements of their "bitter enemies."

NEWS BREVITIES.

The St. Louis banks have adopted the certificate system established by the New York banks.

Pittsburg, Pa., received $350,000 in greenbacks Thursday, and the run on the savings banks is stopped.

The Dollar Savings Bank of Atlanta, Ga., and the State Bank of New Brunswick, N. J., suspended Thursday.

There were 18 interments at Memphis on Thursday from yellow fever. Hardly any new cases were reported.

The South Australian Budget states that a fund of $250,000 is available, for the promotion of immigration to the colony.

The turning of the first sod for a railway in Persia took place recently at Reshel, in the presence of leading Persian officials and foreign Consuls.

The National Banks of Nashville, Tenn., have agreed to suspend currency payment in balances over $200, as a prudential measure. No signs of panic.

The Savannah (Ga.) Banks are paying demands with certified checks, a la New York. Indianapolis banks have adopted the same plan for two days.

The bank suspensions at Memphis, Tenn., are simply from want of currency and the concerns claim assets largely in excess of their liabilities.

Fifteen banks of New Orleans have voted to partially suspend currency payments for thirty days, using certified checks of the Clearing House instead.

At a large meeting of business men at Atlanta, Ga., Thursday night, a hopeful feeling prevailed. Resolutions were passed to sustain the banks by deposits and limited checking.

The health authorities of Lisbon have ordered a strict enforcement of quarantine on all vessels coming from Hull, England, on account of the reported prevalence of cholera there.

A Charleston special says the People's Bank and South Carolina loan and Trust Co. are reported suspended. A Chicago special says that the Cooke County National Bank is closed.

A Government despatch says that the British American Claims Commission organized under the 12th article of the Treaty of Washington for the adjudication of British and American claims, other than the Alabama claims, has concluded its business.

A meeting of the Conservatives was attended in Paris by sixty persons and some of the speakers claimed there would be a majority of 20 in the French Assembly favorable to a restoration of monarchy. It is stated that the Republican members of the Assembly will introduce a declaration against the infringement of popular sovereignty and resign if it is not adopted.

AMERICAN CAPITALISTS AND THE CANADIAN PACIFIC RAILWAY. It is stated that the Canadian Pacific Railway Company show an agreement between Sir Hugh Allan acting for himself and certain other Canadian promoters, and G. W. McMullen, acting for certain United States capitalists, whereby the latter agreed to furnish the funds necessary for the contemplated railway, and to give the former a certain percentage of interest in consideration of influence and position. The agreement also shows subscriptions to the road to the amount of $5,500,000, as follows: Jay Cooke & Co., $1,000,000; Wm. B. Ogden, $637,500; G. W. Cass, $637,500; J. G. Smith, $500,000; D. McLaren, $500,000; Thomas A. Smith, $500,000; H. R. Payson, $175,000; F. L. Lauda, $175,000; C. J. Cauda, $150,000; R. D. Rice, $230,000; F. Billings, $230,000; A. H. Barney, $230,000; Wm. F. Fargo, for self and B. P. Cheney, $230,000; Thomas H. Canfield and W. Windom, $180,000; Samuel Wilkinson, $75,000; Walter Hinchman, $50,000. Total, $5,500,000.

Sir Hugh Allan, while finding no portion of the money, was to have paid-up stock of the company, to the amount of $1,450,000. Sir Hugh, in a letter to Gen. Cass, says:

"I am to be President to suit my views; me and my friends have a majority of the stock, and the company so formed the contract to build the road on the terms of the act of Parliament, which are $30,000,000 in cash and 50,000,000 acres of land."

This Canadian magnate demanded $356,000 from his American partners for his expenses.

The following shorter catechism for financiers comes very near being justified by recent events:—

Q. Why are trust companies so called?

A. Because they cannot be trusted.

Q. Why are the officers of monetary institutions called directors?

A. Because they know nothing whatever about the direction of the institutions with which their names are connected.

Q. Why are certain railroad stocks termed securities?

A. Because nothing in the world is so insecure.

The tottering steps of the Democratic party lead but to the grave. The Albany (N. Y.) *Evening Journal* says:

"The Democrats of Mississippi have resolved to run no ticket this year at all. The same is the case in Iowa. In Wisconsin many of them are supporting Governor Washburn. In Missouri their chief organ has repudiated them, and they hang between life and death. In Virginia they disclaim the name of Democrats and take that of Conservatives. A non-partisan paper said the other day that "practically the Democratic party has ceased to be a power in American politics." Don't these facts look like it?

SUSPENSION—WHAT IT MEANS. The statement that the banks of Baltimore have suspended and that the New York banks will do the same is equivalent to a refusal of the banks to pay out greenbacks. Any one having money on deposit can receive a cashier's certificate for such balance and he can pay his notes or deposit the same, and this goes through the Clearing House. To a certain extent, all large checks are paid in this way by the Boston banks. If the New York banks were to pay out greenbacks they would be hoarded, and thus protract and intensify the crisis. The so-called suspension may be an infraction of the law, but as a measure of safety for the solvent portion of the community it is a safeguard which appears justified by the peculiar and exceptional condition of the New York money market.—*Boston Journal.*

The St. Louis (Mo.) *Republican* unkindly says to its former friends:

We have been waiting for some satisfactory and intelligible explanation of the failure of the "grand old Democratic party" to carry that once Democratic State, Maine, in the recent election; but it has not come to hand yet. There is not an organ of the party that seems equal to the task—a fact which is equally discreditable to the party and the organs. A party which cannot win victories, and whose organs cannot give consolation for defeats, ought to give up the business.

RAILROAD ORDERS CANCELLED. About one thousand hands have been discharged from Rogers' Locomotive Works at Paterson, N. J., during the week. The Secretary of the Company says this wholesale discharge was caused by the receipt of a letter from a railroad company stating that owing to the financial condition of the company they are compelled to withdraw their orders and request the [illegible] Company to suspend work on all [illegible] already completed until the railroad company can see their way clear to pay for them.

Twenty-four hours' notice is to be given before reopening the New York Stock Exchange.

Special Notices.

Card of Thanks.

In behalf of the Queen City Dramatic Association, I hereby tender my sincere thanks to Mrs. Lawrence and Mrs. Hamlin, for their kindness in assisting us in our entertainment, on Wednesday evening last, and for the interest manifested by them in our behalf; and also to Miss Dunbar and Messrs. Crowell and Littlefield, for their excellent music; to all of whom we are greatly indebted for our success on that occasion. We are also under obligations to Miss Adams of the Bangor Library, for services rendered.

Re-opening of Music Hall!

Season of 1873-4.

New Dances, New Music, &c.

I would respectfully call attention to the fact that I have NOT given up MUSIC HALL, but on the contrary shall re-open it for classes, (with *new dances* and *new music*,) on WEDNESDAY AFTERNOON, October 1st, as follows.

Masters and Misses at 2 o'clock.

As I shall introduce many new dances in this class (with a view to giving an exhibition in the Spring,) I hope to receive many of my former pupils this term.

Class for Adults,—Ladies at 7, Gents at 8, in the evening.

This Class will be just the one in which to prepare for Assemblies the coming Winter. I shall teach the NEW WALTZ so much admired in New York and Boston, in all my classes, and which is really the *most graceful*, and at the same time *easy to learn* of any Waltz ever introduced in this country.

PROF. KIMBALL will preside at the Grand Piano, which is a sure guarantee for good music.

TERMS—Masters and Misses $2 per month in advance. Class to meet Wednesdays and Saturdays. Adults—Gents $5 for ten lessons and two assemblies; Ladies $3.

N. B.—Private lessons in the NEW WALTZ and all the round dances given at the Hall or residences.

M. H. ANDREWS, Teacher.

NOTICE!

TO DENTISTS AND THOSE REQUIRING THEIR SERVICES.

SAMUEL S. WHITE, Manufacturer of the Paris Exhibition Gold Medal Teeth, and Dentists' Materials of every description.

DENTAL DEPOTS:

PHILADELPHIA, NEW YORK. BOSTON, CHICAGO.

(TRADE MARK.)

THE Artificial Teeth, Dental Instruments, Gold-foil, &c., made by S. S. W., have been proved the best made anywhere, receiving 49 FIRST PREMIUMS—in competition with the manufacturers of the whole world.

An absolute test has demonstrated that the Teeth produced by us are one hundred per cent. stronger than any others made.

Dentists and their patients would do well to keep in mind the axiom, "The best is the cheapest in the long run"; and of no branch of industry is this principle so true as of Artificial Teeth, which, when they break down, as the "cheap teeth" too frequently do, cost a large proportion of the original price to repair.

Goods are frequently sold for ours which are counterfeit. Most of our manufactures are stamped with our Trade Mark Monogram, as shown at the head of this advertisement.

The DENTAL COSMOS, a monthly record of Dental Science, devoted to the promotion of Dentistry, is published by us. Price $2.50 per year. Specimen numbers gratis.

FROM BATH.

SCHOONER ASHORE.

BATH Sept. 26

Schr Hannah D, of Harwich, N. S., from Bangor for Salem, loaded with wood, ran ashore on the northeast point of Squirrel Island yesterday afternoon, at 2 o'clock, during a dense fog. Threw over deck-load and leaking badly. Will come off today probably and be towed to Nickerson's railway for repairs.

FROM PORTLAND.

THE RACES.

PORTLAND, Sept. 26

At the Forest City Park this afternoon there were two races. The first was for a purse of $200 for 2.45 horses, and there were four starters. Palmer Knox won in three straight heats—Time, 2 46—2 49—2 43½.

In the sweepstakes, two horses daily starting—Shepard Knapp Jr. and Buffalo Bill, and the former won—Time, 2.46—2.42—2 36.

DOMESTIC NEWS.

FRIGHTFUL DISASTER!

A BALLOON ON FIRE!

A MAN FALLS 1500 FEET!

WATERLOO Iowa, Sept. 25 Prof. Bailey had advertised that he would make an ascension in a balloon to-day, and drew a large crowd to the fair grounds. The balloon was inflated with hot air and left the ground, Bailey hanging by his hands to a horizontal bar beneath. Just as it started it took fire near the middle and Bailey did not apparently notice the fire until too late to let go with safety, but being on until he had reached an altitude of 1200 or 1500 feet when the canvass that held the hoop from which he was suspended burned away and he fell, reaching the earth a quarter of a mile from the point of starting. His body was frightfully mangled and his legs were driven into the hard ground up to his knees.

NEW YORK CITY

THE CHIEF JUSTICE—SUN STATEMENTS.

NEW YORK, Sept. 26 The Sun editorially has the following

It is said that the children and other legatees of the late Chief Justice Chase will lose the personal property bequeathed them, by the failure of the Cookes.

The same paper says that the President has tendered the office of Chief Justice to Senator Conkling and that the Senator will accept.

A SWIFT DENIAL.

PHILADELPHIA, Sept. 26 The report published by a New York paper stating that the heirs of the late Chief Justice Chase will lose all their personal estate by the failure of Jay Cooke & Co is pronounced untrue. The balance sheet of the Washington firm is exhibited and shows that the estate has been settled and nothing is due.

RAILROAD COLLISION.

Early this morning a passenger train on the New York & Oswego Midland Railroad, bound to New York, was run into near Dunham by a westward freight train, both engines smashed and freight cars and the first car of the passenger train, which was telescoped, with the tender. Five persons were injured, but none seriously.

WASHINGTON.

SUSPENDED.

WASHINGTON, Sept 23 Fant, Washington & Co, posted a notice at the closed door of their banking house to day, saying, "We are compelled to suspend payment for the present."

THE TREASURY BALANCES

to day are

Currency less the amount paid for bonds in New York and not reported	$14,598,952
Special deposit of legal tenders for the redemption of certificates of deposit,	33,725,000
Coin (including $66,315,000 in gold certificates)	$85,012,725
Legal Tenders outstanding,	358,000,000

YELLOW FEVER AT KEY WEST

Commander Benham telegraphs to the Secretary of the Navy from Key West that both cases of yellow fever there are convalescing. One case is on the Sangus and the other on the Pawnee. There is no sickness on shore.

THE PRESIDENT

was in his office to-day, but received no visitors other than the members of the Cabinet. He signed this morning the commission of Jno M Wilson of Ohio as Consul at Bremen.

POSTAL TREATY.

The President has signed the Postal Convention between the United States and Newfoundland for the exchange of postal cards by the addition of one cent postage.

THE MONEY CRISIS—POLICY OF THE GOVERNMENT NOT TO BE CHANGED.

There was no regular meeting of the Cabinet to-day, only three members being in town—Secretaries Delano and Richardson and Attorney General Williams. The two latter called about noon and were in consultation with the President nearly an hour in regard to the financial troubles. After a full discussion it was determined that the policy of the Government could not be changed, and it will therefore remain as announced last evening.

THE BOND PURCHASES—$750,000 INTEREST SAVED.

Over $12,000,000 worth of bonds having been purchased by the Treasury Department since the commencement of the panic, the annual saving of interest to the Government will be about $750,000

EARTHQUAKE.

The Weather Observer at Kingston, Jamaica, reports to the Signal Officer in this city that an earthquake was felt there at 1 45 A M to day. No damage reported.

CHICAGO

THREE BANKS SUSPEND

CHICAGO, Sept 26. It is announced that the Union National, Manufacturers' National and Second National Banks have suspended. A notice on the door of the former says that the bank has abundant securities but is compelled to suspend payment on account of a lack of currency until able to realize. Nothing has been lost from failures and depositors will be made safe.

LATER—THREE BANKS CLOSED.

The Cook County, the City National and National Bank of Commerce have closed their doors. There was a run of an hour on the Corn Exchange Bank, but as everything was paid the run soon stopped. Some who drew have returned and deposited their money again. The bank is considered very strong. Other National banks are paying regularly. There is considerable excitement among the business men, and the grain trade shows the effect.

LATEST—LIST OF SUSPENDED BANKS.

The following is a correct list of the banks suspended in this city: Union National Bank; Cook County National Bank; Second National Bank; Manufacturers National Bank; National Bank of Commerce.

PENNSYLVANIA.

JAY COOKE & CO.'S LIABILITIES AND ASSETS.

PHILADELPHIA, Sept. 26—The statement of the liabilities and assets of Jay Cooke & Co, show that the firm will be able to pay every dollar of their indebtedness, with interest, and still have a surplus of several millions.

TEMPORARY BANK SUSPENSIONS.

During the existing dearth of currency the banks will not pay out any currency, except actually needed for the payment of wages. It was also resolved that the banks aid each other and sustain mercantile, manufacturing and business interests of the city.

THE FINANCIAL CRISIS!

A Continued Stringency!

Difficulty with Exchange!

EXPORT TRADE EMBARRASSED!

BULLION COMING FROM EUROPE!

Suspensions Outside of New York!

A Call for More Currency!

PANIC BURNING OUT.

NEW YORK, Sept. 26. Every movement thus far for relief by the Clearing House Association, Stock Board, or Government, decreases business, and the consequence has been that there is no fuel for the flame of the panic to feed upon.

THE TROUBLE WITH EXCHANGE—DANGER OF A DEAD LOCK IN PRODUCE.

The business trouble has extended to commercial circles, especially shippers of grain and other produce merchants who are compelled to accept bills of exchange. These they cannot exchange into greenbacks and there is danger that the immense volumes of bread stuffs pouring in from the south and west will be detained here for want of available funds to send them abroad where ready markets and good prices await them. Thus the worst of the financial crisis is just beginning to be felt. Unless relief is soon obtained, orders for consignments from the west and south will soon cease altogether.

NOT A PAWN SHOP.

In reply to the question concerning a rumor of the return by the Government of bonds purchased during the panic for the prices paid for them, Assistant Treasurer Hillhouse said yesterday that he had heard nothing of the kind.

PURCHASE OF BONDS.

Mr. Groine, of the firm of Duncan, Sherman & Co., said that the stoppage of the purchase of bonds had resulted in no pressure upon the money market yet, and might not. He thought the stoppage was unwise but believed the purchase would be resumed when the President was advised of the necessity for continued purchase.

BULLION FROM EUROPE.

The heavy shipments of bullion from abroad excites very general comment, but the general opinion is that it cannot effect affairs here at all. One firm received $232,000 on Wednesday from Hamburg, shipped ten days before, and have more on the way, but the shipments are generally useless, as a speculation. Officers of express companies report that they are carrying from the city more money than they bring in.

THE DRAIN OF CURRENCY.

A great many bills are sent for collection against banks and firms which give them much trouble, as in many instances it is impossible to collect them. The officers say, however, that the drain from this city is always greater at this season of the year than at any other time, but is much greater now than at any previous time.

THE BANKS.

Mr Camp, of the Clearing House, said the equalization of legal tenders at the Clearing House took place yesterday for the first time. Every bank responded promptly and the banks were virtually made one solid and compact body. Every bank is paid legal tenders in the same proportion as it has reserves to meet its liabilities. Banks which, when cleared are on the credit side, divide the surplus with banks which are debtors to the Clearing House. The banks yesterday discounted notes for the first time since the excitement.

THE STREET QUIET.

2.45 P. M. The police have dispersed all groups of persons who threatened to interfere with the side-walk traffic in Wall and Broad streets, and there have been no large gatherings to-day.

THE SUB TREASURY

has paid out $10,000,000 in redemption of currency certificates and $13,000,000 in the redemption of bonds. No further orders have been received from Washington.

THE BOTTOM TOUCHED.

6 P. M. The day's record closes with a feeling of some confidence in the belief that the bottom of the panic has been reached in this city.

MERCANTILE PAPER

falling due at the banks was paid with remarkable promptness. In one case where $1,800,000 was due in September over $1,400,000 had been paid, up to Thursday afternoon, without even asking an extension. In other careful banks, as to the paper discounted, the result is the same.

DECREASE OF BUSINESS.

The business transacted by the banks continues to decrease, and to-day gross clearances were reduced to $41,000,000, and yet the loan certificates have been increased to $19,000,000.

AT THE CLEARING HOUSE

business was conducted as smooth as usual, and nothing appears to mar the harmony that seems to exist among the Presidents of the banks and the committees except the difference of opinion in regard to the effect of opening the stock board, some contending that it will be beneficial, while the majority seem to incline to the idea that it will make matters much worse.

EXCITING RUMORS ON WALL STREET.

There has been a more excited feeling in Wall street this afternoon, caused by reports soon after one o'clock that the Gold Exchange Bank could not effect its clearances because two members of the Gold Exchange, Rufus Hatch and James Kitchen, were unable to make settlements. The matter was finally adjusted by Drexel, Morgan & Co. The difference involved was $600,000.

THE TREASURY AND BANKS.

The Assistant Treasurer has paid $29,000 in called bonds, and $10,000 in coin interest on the public debt. The banks have now issued pretty much the entire $20,000,000 of loan certificates, and it is to be seen whether more will be authorized.

THE EXPORTERS.

A little more progress was made to-day in getting the grain on ship-board, but the export trade is still suffering. Late in the day a report was current that a grain house had suspended.

TROUBLES SPREADING.

A glance at the telegraphic news shows that the financial troubles are spreading throughout the country. What we want is money to set the wheels of business in operation once more.

THE EXCHANGE BLOCK—ITS CAUSE.

It is definitely stated that the block in the opening of the Exchange is the inability of three brokering firms to settle their old contracts, viz:—Osborne & Chapin (Jay Gould's brokers); Davis & Freeman (Vanderbilt's brokers), and Plummer & Van Emburg (John B. Traverse's brokers). These are the three large firms who have bought immense amounts of stocks at low figures and have found themselves unable to pay for them.

NEW JERSEY.

THE NEW BRUNSWICK PANIC.

NEW YORK, Sept. 26. A number of stock holders of the State Bank of New Brunswick, the suspension of which was occasioned by the defalcation of its cashier, G W. Appleton, had pledged themselves to pay depositors in full. Almost up to the last moment the depositors implicitly trusted the bank, and its trouble has thrown the town into a ferment.

WORKMEN DISCHARGED.

NEW YORK, Sept. 26. Todd & Rafferty Manufacturing Co. at Paterson, N. J., discharged 93 men from their boiler and machine shops to-day. A still further reduction is contemplated.

ALABAMA.

YELLOW FEVER ABATING.

MONTGOMERY, Sept. 26. There were two deaths from yellow fever here to-day. There have been no new cases for four days.

VIRGINIA.

MORE BANKS SUSPEND.

RICHMOND, Sept. 26. [illegible]

ing was held in Petersburg yesterday, urging forbearance and recommending the use of certified checks.

WORKMEN DISCHARGED.

Lancaster & Co, of this city have suspended in consequence of the failure of Brown, Lancaster & Co. of Baltimore. The Tredegar Iron Works Co. have discharged between 600 and 700 workmen employed in car building.

FROM BOSTON.

JUDGE APPOINTED.

BOSTON, Sept. 26.—Gen. Chas. Devens has been nominated for associate Judge of the Supreme Court of Massachusetts, vice Judge Grey recently appointed Chief Justice.

FATALLY INJURED.

John McDonald, laborer, was fatally injured to-day by falling from a building in course of erection.

MURDER CONFESSED.

John Green alias McDonald, sentenced to Massachusetts State Prison in June last, with a companion named Michael Lynch, for 20 years for highway robbery at Springfield, has confessed that he killed James Graham at Little Neck, Long Island, N. Y., February 7, 1873, which tragedy caused a sensation at the time. The authorities of New York have been notified and both of them will be taken there for trial.

WISCONSIN.

THE FINANCIAL SITUATION.

MILWAUKEE, Sept 26. The financial situation here is unchanged. Our banks are now in good condition, as before the panic and have strengthened their position with $250,000 currency received from the East within a few days past. At the same time money is exceedingly scarce and the banks make no advances on breadstuffs and produce. Nearly a million bushels of wheat are in store here.

SOUTH CAROLINA.

CHARLESTON BANKS.

CHARLESTON, Sept. 26. The Peoples Bank of South Carolina, the Peoples Savings Bank and the South Carolina Loan and Trust Co have suspended currency payments. The National banks and other State banks pay as usual.

NO RUN ON BANKS.

COLUMBIA, Sept. 26. There is no run on the banks here. Cotton is disposed of rapidly.

MISSOURI.

BUSINESS CHECKED.

ST. LOUIS, Sept 26. Business today was somewhat checked, but several banks have transacted business as usual, while others paid only small amounts.

MARYLAND

BALTIMORE SUSPENSION.

BALTIMORE, Sept. 26 William Fish & Sons, No 32 South-st., one of the leading stock and gold brokers of this city, have suspended temporarily.

MISSISSIPPI.

THIRTY DAYS SUSPENSION.

VICKSBURG, Sept. 25—The banks here as a precautionary measure have suspended for thirty days.

THE WEATHER

WAR DEPARTMENT,
OFFICE OF THE CHIEF SIGNAL OFFICER
WASHINGTON, Sept. 26—8 P. M.

Probabilities.

For New England, on Saturday, fresh and brisk winds and increasing cloudiness will prevail, with possibly rain at night.

FOREIGN NEWS.

GREAT BRITAIN.

GOLD FOR AMERICA.

LONDON, Sept. 26 Today £428,000 in sovereigns and £51,000 in gold bars were drawn from the Bank of England for shipment to America.

PAYING DEBTS.

It is believed that the heavy shipments of gold to America already reported were not made in consequence of the low nominal exchange, but to settle the liabilities of bankers here, incurred before the financial trouble in New York began.

THE BANK OF ENGLAND.

It is the general opinion on the Stock Exchange that the rate of discount of the Bank of England will be advanced at the meeting of the directors Thursday next or before that day. There are

IMMENSE WITHDRAWALS OF BULLION

from the Bank of England in consequence of the unfavorable rumors from New York, and is apparently the cause of the depression in the market for American securities.

THE BANK OF ENGLAND FORGERS.

Two of the Bank of England forgers are confined in Pentonville Prison and the two others in Halloway Prison. No visitors will be permitted to see them until the eve of their departure. Each one will be transported to a different Penal colony.

James Clay, member of Parliament for Hull is dead.

SPAIN.

DEATH OF OLOZAGA.

LONDON, Sept. 26.—A despatch from Enghein, Belgium, announces the death in that town to-day of Salustiano Olozago, the well-know Spanish statesman.

GERMANY.

THE KING OF ITALY.

BERLIN, Sept. 26. The King of Italy had a long private conference with Prince Bismarck to day. He subsequently took leave of the Emperor and family, and departed on his return home.

—The Lewiston *Journal* says.—"Rumors are circulating among Railroad men that the Grand Trunk Railroad contemplates giving its countenance and aid to a railroad connection with the Shore Line, by building a road from Lewiston, via Gardiner, to strike the Shore Line near Belfast."

—We publish on our first page this morning a partial list (official) of the premiums awarded at the late State Fair in this city. On Monday morning we shall publish the entire list of awards. Persons desiring to obtain extra numbers containing the full list will find them at this office.

—The Citizens' Excursion to Bangor by Western Extension will be taken advantage of by a large number of the people of St John. The people of Bangor promise to treat them well, and experience teaches us to have every faith in the promise. The train leaves Carleton on Monday morning at 9 30, and returning leaves Bangor at 9 on Wednesday morning.—[*St. John Globe.*

—A recent post-office decision is that if a postmaster knows that a letter addressed to his office is intended for a person living within the delivery of another office, it is his duty to forward such letter, (if it has been properly prepaid) without waiting for a request to do so, and without additional charge for postage.

SUDDEN DEATH. A despatch from Portland at midnight announced that George N. Tapley, son of Capt. Tapley of the schooner James of this city, was found dead in his bunk aboard that vessel last evening. It is supposed that heart disease was the cause of his sudden death, as he was apparently in good health when he turned in.

—Wednesday night a man made an attempt to enter the jewelry shop of George Philbrick in Skowhegan by breaking the window. As he was about to enter he was assailed by special policeman Robinson. Two or three shots were exchanged and then the parties skirmished, and after a few minutes' scuffle for the mastery the thief left. The contest was bloodless.

—Messrs. J. A. Fairbanks, J. G. Wiley and E. R. Sherman have formed a copartnership for carrying on the stove, furnace and tinware business, and have taken the store No 21 Broad street and 19 Pickering Square, which has lately been fitted up in fine style. They have put in a large stock of goods, and will enter extensively into the manufacturing of tin-ware. They also attend to furnace work and jobbing.

UN-SHIPPED. A German sea captain whose vessel left the harbor yesterday morning, remained behind to interview a man whom he thought he shipped the day before. He said the man agreed to go with him and he advanced him $10 and also a small sum to purchase a revolver with, since which time the scarcity of that sailor on board his vessel was conspicuous. As he had neglected to have the man sign the vessel's papers, and he could give no name, the police were not able to render any assistance.

AT SULLIVAN'S BOILER WORKS, a new boiler for a Calais steamer is in process of manufacture, and also a thirty-horse power boiler for a St. John manufacturer. Mr. Sullivan has orders for two pulp mill boilers, one for the Foxcroft mill and the other for a New Hampshire mill. The Foxcroft boiler is one of the Sullivan patent. The boiler for the Welby air ship which was to have started last month from St. John for England is, as yet, untouched, as the inventor of the air ship has not been able to foot the necessary bills. The model is to be seen at the Works.

THAT TRUNK, which Mr. H. T. Clark started from Halifax for San Francisco by rail, on the 14th of August, was delayed 23 days at Omaha by some railroad official, but finally got through to its destination safely. The can of water from the Atlantic, which it contained, was emptied into the Pacific, and the vessel re filled with water from San Francisco bay which will be turned, into the Atlantic at Halifax to day on its arrival. It is not certain where the bottle of St. John brandy sent with the water was emptied; but a bottle of California port was returned in its place, in the trunk, which was started from San Francisco on the 18th inst and arrived here yesterday morning, passing over eleven different roads. This piece of baggage was manufactured by Messrs. Parkhurst & Webb, and bore the long, eventful journey with very little damage.

M. S. BOATING ASSOCIATION. The annual regatta of the Maine State Boating Association is to be held on the Kennebec, at Bath, October 8th. There will be a prize for four oared shells, and for this, the 'longshoremen of Portland, who proved themselves very rapid 'longshoremen at St. John, last week will probably contend. The single-scull championship seems likely to be hotly contested this year. M. F. Davis, of Portland, now holds the silver cup. His right to keep it the coming year will be disputed by oarsmen from his own city as well as by W. L. Shaw, and W. F. Stevens of Bath, both of whom have held the emblem of championship and are ready to pull hard to hold it again. There are also to be double scull, junior single scull championship, and White hall races. The arrangements for the regatta are in the hands of the Gleam Boat Club Nine o'clock in the morning is the time assigned, says the Lewiston *Journal*

SUNDAY SCHOOL CONVENTION. The Sunday School Association of the towns of Dixmont, Plymouth, Jackson and Newburgh held a Convention with the Plymouth school on Wednesday and Thursday which was conducted by Rev. C. M. Cousens of Portland and Rev. A. L. Gerrish of Pittsfield. Among the subjects discussed were: "Objects of the Sunday School," "Relative importance of the Sunday School," "Teachers' Meetings," "Marks of a good Superintendent," "How to teach," "Uniform Lessons," "How shall we retain our young men and women in the Sabbath school?" Object teaching was fully illustrated by Rev. Mr Cousens. The "question box" was freely used and a lecture was given by Rev. Mr. Cousens on "Oriental Customs," illustrated by diagrams. Other speakers assisted in discussing the different topics. The first day of the Convention was not so well attended, owing to the unfavorable weather; but the last day the attendance was good and a pleasant and interesting time enjoyed. The next meeting will be held in December and the annual meeting on the second Tuesday in June next. The places of meeting are not yet determined.

THE PHILADELPHIA MASONIC TEMPLE. The grand tourney of Knights Templar at the Philadelphia Academy of Music Thursday evening, and the grand parade Friday, in connection with the dedication of the new Masonic Temple, were completely successful; from 10,000 to 12,000 people being present at the Academy, and the city filled with spectators Friday. The procession embraced over 10,000 Masons from all parts of the country. The new temple is the largest and most imposing structure dedicated to Masonry in the world.

ACTIVITY AT THE MINT. A Washington despatch says that Dr. Linderman, director of the Bureau of the Mint, predicts that the effect of this stock panic will be to hasten the resumption of specie payments. He says he is getting ready and has issued orders to all the mints for largely increasing the coinage and that more bullion will be coined during the next three months than at any previous time in the same period. No export of crude bullion will be made for several months. Large orders have been telegraphed to London from New York for the importation of sovereigns which, at the present condition of sterling exchange, will give a large profit.

BUSINESS ITEMS.

PITTSTON, Me., April 7.—MR. H. G. WHITE —I take pleasure in giving you the following certificate. My wife, Mrs H. C. Lord, during the last Winter was afflicted with Dyspepsia in the most obstinate form. After trying several physicians and various remedies without relief, saw your Specialty advertised, and WITHOUT ANY OTHER INDUCEMENT gave it a trial. After taking TWO BOTTLES ONLY, it produced the desired effect. I cheerfully recomend it, therefore, as an excellent medicine for the stomach, and deem it my duty to give you this testimonial. LOTTERIES are gathering Buchu for Helmbold's Extract has become almost a historical picture. The great consumption of Dr. Helmbold's Buchu attests the important fact that thousands upon thousands use it as a diuretic medicine. For Dropsy, Gravel, Kidney Complaint, and all diseases of the urinary organs, either in male or female, there has never been a remedy equal to Helmbold's Buchu. Its imitators are mere trash. Helmbold's is the old reliable standard remedy.

PULMONARY DISEASES.—HARBOR GRACE, NEWFOUNDLAND, Dec 9th, 1871. Jas. I. Fellows Esq.—Dear Sir: We are receiving orders almost daily from the Outports for your invaluable Syrup of Hypophosphites, and the sale is steadily increasing. I firmly believe it has done more good than any medicine yet discovered in the cure of consumption bronchitis asthma, whooping cough, and kindred diseases. It is the only medicine we have which cures those diseases by strengthening the nervous system, and as it is also what we call a sound chemical preparation, I predict for it a more extended demand than any other remedy in existence.
Yours, very truly, W. H. THOMPSON.

NOTICE TO MARINERS

LOCATION OF THE SUNKEN ROCK IN THE EAST RIVER NEW YORK.

It will be remembered that on the 1st of Aug last the Br steamer Easby laden with coal struck a sunken rock when passing down the East River, and at intervals ever since efforts have been made without success to discover the exact locality. Yesterday morning, however the pilot commissioners received a communication from Capt. Nash of steamer Arago stating that he had succeeded in discovering the rock, having been greatly aided by a map furnished by Gen Newton. It is situated directly off Blackwell's Island, some distance out. It measures at the top 1 foot by 4, and at low tide is covered by 14 feet of water and is thus exceedingly dangerous to vessels deeply laden. Capt Nash caused a buoy to be placed over it but it has already been removed. The pilot commissioners will immediately apply to the Secretary of the Lighthouse Board to cause another buoy to be promptly placed there.

MEMORANDA.

Dyer's marine railway at Belfast, destroyed at the late fire, has been rebuilt and the first vessel was taken up last Monday

Capt S Huston of Eastport will soon commence work in his yard on a schooner of about 125 tons, to be commanded by Capt W H Hilyard

One-quarter of sch James A Crocker has been sold by R C Sturges to Capt James Brown of Belfast, who will command her. Terms private.

The new vessel now building by Messrs J M Wiswell & Co., at East Machias, will be 550 tons burthen. She is a fine double-deck vessel of 135 feet length, 30 feet beam [illegible] depth 18 feet, and will probably be rigged as a 3-mast [illegible]. A large crew is now engaged and she will probably be finished in a few weeks.

The wharf and shipyard being built by Hon S H Talbot on the "Moses Heinel" property, East Machias, is fast approaching completion.

Or his merry good-night by the firefly's light,
When his daily work is done!

And give me the root and the luscious fruit
My own hands rear for food,
And the bread so light and honey white,
And the milk so pure and good,
For sweet the bread of labor is,

K LYON'S KATHAIRON

Only 50 Cents per Bottle.

It promotes the GROWTH, PRESERVES the COLOR, and increases the Vigor and BEAUTY of the HAIR.

OVER THIRTY YEARS AGO LYON'S KATHAIRON FOR THE HAIR was first placed in the market by Professor E. Thomas Lyon, a graduate of Princeton College. The name is derived from the Greek "KATHRO," signifying to cleanse, purify, rejuvenate, or restore. The favor it has received, and the popularity it has obtained, is unprecedented and incredible. It increases the GROWTH and BEAUTY of the HAIR. It is a delightful dressing. It eradicates dandruff. It prevents the Hair from turning gray. It keeps the head cool, and gives the hair a rich, soft, glossy appearance. It is the SAME in QUANTITY and QUALITY as it was over a QUARTER of a CENTURY AGO and is sold by all Druggists and Country Stores at only 50 Cents per Bottle.

Woman's Glory is Her Hair.

Proposals for a New Insane Hospital

The Legislature of Maine at its last session passed the following Resolve, relating to a new Insane Hospital, to wit:

"Whereas, the Insane Hospital is now full, and has from time to time been enlarged, until no further enlargement thereof is feasible, and hence the State is now called upon to enter upon the work of building another Insane Hospital; therefore,

"Resolved, That the Governor with the advice of the Council appoint three commissioners, whose duty it shall be to solicit proposals from cities, towns or individuals, as an inducement to the location of said Hospital," &c.

Now therefore, the undersigned commissioners appointed under the provisions of said Resolve, hereby give notice that they will receive such proposals from cities towns or individuals until the thirtieth day of September next. All proposals should be sealed and addressed to the "Commissioners on New Insane Hospital, Office of the Secretary of State, Augusta, Maine."

at Copenhagen by their respective plenipotentiaries on the twentieth day of July, 1872, the original of which convention, being in the English and Danish languages, is word for word as follows:

The United States of America, and His Majesty the King of Denmark being desirous to regulate the citizenship of the citizens of the United States of America who have emigrated or who may emigrate, from the United States of America to the Kingdom of Denmark, and of Danish subjects who have emigrated, or who may emigrate, from the Kingdom of Denmark to the United States of America, have resolved to conclude a convention for that purpose, and have named as their plenipotentiaries that is to say, the President of the United States of America: Michael J. Cramer, minister resident of the United States of America at Copenhagen; and His Majesty the King of Denmark; Otto Ditlev Baron Rosenorn-Lehn, commander of Danebrog and Danebrogsmand, chamberlain, His Majesty's minister for foreign affairs, &c., &c., &c.

Who, after having communicated to each other their respective full powers found to be in good and due form, having agreed upon and concluded the following articles, to wit:

ARTICLE I.

Citizens of the United States of America who have become, or shall become, and are, naturalized, according to law, within the Kingdom of Denmark as Danish subjects, shall be held by the United States of America to be in all respects and for all purposes Danish subjects, and shall be treated as such by the United States of America.

In like manner, Danish subjects who have become or shall become, and are naturalized, according to law, within the United States of America as citizens thereof shall be held by the Kingdom of Denmark to be in all respects and for all purposes as citizens of the United States of America, and shall be treated as such by the Kingdom of Denmark.

ARTICLE II.

If any such citizen of the United States as afore said, naturalized within the Kingdom of Denmark as a Danish subject, should renew his residence in the United States, the United States government may, on his application, and on such conditions as that government may see fit to impose, readmit him to the character and privileges of a citizen of the United States, and the Danish government shall not in that case claim him as a Danish subject on account of his former naturalization.

In like manner, if any such Danish subject, as aforesaid, naturalized within the United States as a citizen thereof, should renew his residence within the Kingdom of Denmark, His Majesty's government may, on his application, and on such conditions as that government may think fit to impose, readmit him to the character and privileges of a Danish subject, and the United States government shall not, in that case claim him as a citizen of the United States on account of his former naturalization.

ARTICLE III.

If, however, a citizen of the United States, naturalized in Denmark, shall renew his residence in the former country without the intent to return to that in which he was naturalized, he shall be held to have renounced his naturalization.

In like manner, if a Dane, naturalized in the United States, shall renew his residence in Denmark without the intent to return to the former country, he shall be held to have renounced his naturalization in the United States.

The intent not to return may be held to exist when a person naturalized in the one country shall reside more than two years in the other country.

ARTICLE IV.

The present convention shall go into effect immediately on or after the exchange of the ratifications, and shall continue in force for ten years. If neither party shall have given to the other six months' previous notice of its intention then to terminate the same, it shall further remain in force until the end of twelve months after either of the contracting parties shall have given notice to the other of such intention.

ARTICLE V.

The present convention shall be ratified by the President of the United States of America, by and with the advice and consent of the Senate thereof and by His Majesty the King of Denmark and the ratifications shall be exchanged at Copenhagen as soon as may be, within eight months from the date hereof.

In witness whereof the respective plenipotentiaries have signed the same, and have affixed thereto their respective seals.

Done at Copenhagen, the twentieth day of July, in the year of our Lord one thousand eight hundred and seventy-two.

MICHAEL J. CRAMER
O. D. ROSENORN LEHN.

And whereas the said convention has been duly ratified on both parts, and the respective ratifications were exchanged at Copenhagen, on the 14th day of March, 1873, by Michael J. Cramer, minister resident of the United States of America at Copenhagen and Otto Ditlev Rosenorn Lehn, commander of Danebrog and Danebrogsmand, chamberlain, His Majesty's minister for foreign affairs, &c., on the part of their respective governments;

Now, therefore, be it known that I, Ulysses S. Grant, President of the United States of America, have caused the said convention to be made public, to the end that the same, and every clause and article thereof, may be observed and fulfilled with good faith by the United States and the citizens thereof.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this fifteenth day of April, in the year of our Lord one thousand eight hundred and seventy three, and of the Independence of the United States of America the ninety seventh.

U S GRANT.

By the President:
HAMILTON FISH, Secretary of State.

By the President of the United States of America:

A PROCLAMATION.

Whereas objects of interest to the United States require that the Senate should be convened at twelve o'clock on the fourth of March next, to receive and act upon such communication as may be made to it on the part of the Executive.

Now, therefore, I, Ulysses S. Grant, President of the United States, have considered it to be my duty to issue this proclamation, declaring that an extraordinary occasion requires the Senate of the United States to convene for the transaction of business at the Capitol, in the city of Washington, on the fourth day of March next, at twelve o'clock at noon on that day, of which all who shall at that time be entitled to act as members of that body are hereby required to take notice.

Given under my hand and the seal of the United States, at Washington, the twenty-first day of February, in the year of our Lord one thousand eight hundred and seventy-three, and of the Independence of the United States of America, the ninety-seventh.

U. S. GRANT.

HAMILTON FISH, Secretary of State.

TREATY.

Agreement between the United States and Spain for the settlement of certain Claims of citizens of the United States, made by Daniel E. Sickles Esq., Envoy Extraordinary and Minister Plenipotentiary of the United States at Madrid, and His Excellency Senor Don Cristino Martos, Minister of State of Spain. Conclude February 12, 1871.

Memorandum of an arbitration for the settlement of the claims of citizens of the United States or of their heirs, against the government of Spain for wrongs and injuries committed against their persons and property, or against the persons and property of citizens of whom the said heirs are the legal representatives, by the authorities of Spain, in the island of Cuba, since the commencement of the present insurrection.

1. It is agreed that all such claims shall be submitted to arbitrators, one to be appointed by the Secretary of State of the United States, another by the Envoy Extraordinary and Minister Plenipotentiary of Spain at Washington, and these two to name an umpire who shall decide all questions upon which they shall be unable to agree, and in case the place of either arbitrator or of the umpire shall from any cause become vacant, such vacancy shall be filled forthwith in the manner herein provided for the original appointment.

2. The arbitrators and umpire so named shall meet at Washington within one month from the date of their appointment, and, shall, before proceeding to business, make and subscribe a solemn declaration that they will impartially hear and determine, to the best of their judgment, and according to public law and the treaties in force between the two countries and these present stipulations, all such claims as shall, in conformity with this agreement be laid before them on the part of the government of the United States, and such declaration shall be entered upon the record of their proceedings.

3. Each government may name an advocate to appear before the arbitrators or the umpire to represent the interests of parties respectively.

4. The arbitrators shall have full power, subject to these stipulations, and it shall be their duty, before proceeding with the hearing and decision of any case, to make and publish convenient rules prescribing the time and manner of the presentation of claims and of the proof thereof, and any disagreement with reference to the said rules of proceeding shall be decided by the umpire. It is understood that a reasonable period shall be allowed for the presentation of the proofs, that all pleading and the testimony in favor of them shall be presented only through the government of the United States, that the award made in each case shall be in writing, and if indemnity be given, the sum to be paid shall be expressed in the gold coin of the United States.

5. The arbitrators shall have jurisdiction of all claims presented to them by the government of the United States for injuries done to citizens of the United States by the authorities of Spain in Cuba since the first day of October, 1868. Adjudications of the tribunals in Cuba concerning citizens of the United States, made in the absence of the parties interested, or in violation of international law or of the guarantees and forms provided for in the treaty of October 27, 1795, between the United States and Spain, may be reviewed by the arbitrators, who shall make such award in any such case as they shall consider just. No judgment of a Spanish tribunal, disallowing the affirmation of a party that he is a citizen of the United States, shall prevent the arbitrators from hearing a reclamation presented in behalf of said party by the United States government; nevertheless, in any case heard by the arbitrators, the Spanish Government may traverse the allegation of American citizenship, and thereupon competent and sufficient proof thereof will be required. The commission having recognized the quality of American citizens in the claimants, they will acquire the rights accorded to them by the present stipulations as such citizens. And it is further agreed that the rights accorded to them by the jurisdiction of any reclamation made in behalf of any native born Spanish subject, naturalized in the United States, if it shall have been adjudicated by a competent tribunal in Cuba, and the claimant, having appeared therein, shall have been [illegible] attorney, and being required by the laws of Spain to make a declaration of his nationality, failed to declare that he was a citizen of the United States; in such case and for the purposes of this arbitration, the claimant shall be deemed and taken, that the claimant, by his own default, had renounced his allegiance to the United States. And it is further agreed that the arbitrators shall not have jurisdiction of any demands growing out of contracts.

6. The expenses of the arbitration will be defrayed by a percentage to be added to the amount awarded. The compensation of the arbitrators shall not exceed three thousand dollars each, the same allowance shall be made to each of the two advocates representing respectively the two governments; and the arbitrators may employ a secretary at a compensation not exceeding [illegible] dollars per day for every day actually and necessarily given to the business of the arbitration.

AN ACT to prevent cruelty to animals while in transit by railroad or other means of transportation within the United States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That no railroad company within the United States whose road forms any part of a line of road over which cattle, sheep, swine, or other animals shall be conveyed from one State to another, or the owners or masters of steam, sailing, or other vessels carrying or transporting cattle, sheep, swine or other animals from one State to another shall confine the same in cars, boats, or vessels of any description, for a longer period than twenty-eight consecutive hours, without unloading the same for rest, water, and feeding for a period of at least five consecutive hours, unless prevented from so unloading by storm or other accidental causes. In estimating such confinement, the time during which the animals have been confined without such rest on connecting roads from which they are received shall be included; it being the intent of this act to prohibit their continuous confinement beyond the period of twenty-eight hours, except upon contingencies hereinbefore stated. Animals so unloaded shall be properly fed and watered during such rest by the owner or person having the custody thereof, or in case of his default in so doing by the railroad company or owners or masters of boats or vessels transporting the same at the expense of said owner or person in custody thereof, and said company, owners, or masters shall in such cases have a lien upon such animals for food, care, and custody furnished, and shall not be liable for any detention of such animals authorized by this act. Any company, owner, or custodian of such animals who shall knowingly and wilfully fail to comply with the provisions of this act shall, for each and every such failure to comply with the provisions of this act, be liable for and forfeit and pay a penalty of not less than one hundred nor more than five hundred dollars. Provided however, That when animals shall be carried in cars, boats or other vessels in which they can and do have proper food, water, space, and opportunity for rest, the foregoing provision in regard to their being unloaded shall not apply.

SEC. 2. That the penalty created by the first section of this act shall be recovered by civil action in the name of the United States, in the circuit or district court of the United States holden within the district where the violation of this act may have been committed, or the person or corporation resides or carries on its business, and it shall be the duty of all United States marshals, their deputies and subordinates, to prosecute all violations of this act which shall come to their notice or knowledge.

SEC. 3. That any person or corporation entitled to the lien under the first section of this act may enforce the same by a petition filed in the district court of the United States holden within the district where the food, care, and custody shall have been furnished, or the owner or custodian of the property to sale; and said court shall have power to issue all suitable processes for the enforcement of such lien by sale or otherwise, and to control the payment of all costs, penalties, charges, and expenses of proceedings under this act.

SEC. 4. That this act shall not go into effect until the first day of October, eighteen hundred and seventy-two.

Approved, March 3, 1873.

[GENERAL NATURE—No. 111.]

AN ACT authorizing joint entry by pre-emption settlers, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That when settlements have been made upon agricultural public lands of the United States, prior to the survey thereof, and it has been or shall be ascertained, after the public surveys have been extended over such lands, that two or more settlers have [illegible]

Supplement to the Details Regulations of the 2nd and 26th of July, 1869, for the execution of the Postal Convention between Switzerland and the United States of America of the 12th of October, 1867 in relation to the exchange of Postal Money-Orders.

Inasmuch as the Postal Administration of the Swiss Confederation and that of the United States of America have been authorized by the Additional Article of February 23d, 1872, to the Postal Convention of the 12th of October 1867, to establish, as it may seem best to each, the rates of commission charged in its own country for International Postal Orders, and to arrange by common agreement for a division of the proceeds thereof, the Postal Department of the Swiss Confederation and the Post-office Department of the United States of America have agreed upon what follows:

1. Each of the two Postal Administrations shall communicate to the other the rate of commissions which it may establish for international money orders in pursuance of the convention above mentioned of February 23d 1872.

2. The commissions shall always be paid in advance, and shall not, in any event, be refunded.

3. The proceeds of the commissions established as above provided shall be divided by the Swiss Administration [illegible] to the United States one per cent on the total amount of orders issued in Switzerland and transmitted to the Post-office Department of the United States; and the Postal Administration of the latter country shall make payment, at the same rate, to that of Switzerland for the total amount of orders issued in the United States and transmitted to the Swiss Office.

4. The respective credits on account of commissions shall be included in the half yearly accounts to be prepared by the Swiss Postal Administration in conformity with article 8 of the Detailed Regulations of the 2nd and 26th of July 1869, in which accounts the balance of the commissions shall be adjusted and specially stated.

5. The present agreement is to take effect on the 1st of April, 1872, and on and after that date section 5 of the Detailed Regulations of the 2nd and 26th of July, 1869, shall be abrogated.

Signed at Washington this 23d day of February 1872.

THE PORTLAND KEROSENE OIL COMPANY

Would inform the public that they continue to Manufacture

PORTLAND KEROSENE OIL.

The prevalence of a large quantity of inferior and dangerous oils in the market, at a cheap price—many of which are little better than Naphtha itself—and the existence of false reports in regard to the PORTLAND KEROSENE OIL render it a matter of justice to ourselves as well as safety to consumers that some notice should be taken of these facts. Therefore, we again present an advertisement, and would call attention to the high standard of our Oils. THE REFINED PETROLEUM [illegible] THE PORTLAND KEROSENE the fire test of which is 125 degrees Fahrenheit, and it often reaches considerably higher; also, we would say that we are determined to maintain the long established reputation.

PORTLAND KEROSENE OIL COMPANY

We quote from chap. 39, 1871, the title of [illegible] chapter being "Inspection and sale of Manufactured Articles."

SEC. 31. Every person and corporation engaged in manufacturing petroleum coal oil or burning fluid, shall cause every cask or other vessel thereof to be so inspected and marked by a sworn inspector. And if any person manufacture or sells or offers for sale any oil or burning fluid, illuminating purposes, in this State that has not been so inspected and marked as above provided, shall forfeit the oil so manufactured, and shall pay a fine not exceeding five hundred dollars to be recovered by indictment in the county in which such offence is committed.
